### **Profile**

John Starkey is a public policy specialist in the Washington, D.C. office. Starkey is a part of the federal relations team, where he supports firm clients from a variety of industries by researching issues and policy matters and developing strategies to advocate for client priorities.

Prior to joining the firm, Starkey worked as a staff assistant for the U.S. Senate Committee on Energy and Natural Resources, where he tracked legislation and conducted policy research on energy and resource development, particularly in nuclear energy and renewable resources.

Prior to his experience in the public sector, Starkey held a variety of financial positions in capital management, real estate, banking, and sales.

### **Education**

Starkey is a 2015 graduate of the University of Alaska Anchorage with a bachelor of business administration in finance.
